

Dear Ron,

May 4, 2009

I enjoyed your presentation about your successful journey to success and how you made it to the top.

Thank you so much for coming to our Arlington Chamber of Commerce Refusal Group to share your inspiring stories. You were inspiring and motivating to us all. I have also found that we all really do have to be constantly re-inventing ourselves to stay

successful. Your presentation & books help to motivate those of us who sometimes just get 'lost' on the journey to success with the many twists and turns that are thrown at us at an alarming rate these days!

Thank you so much for sharing, motivating, inspiring, and giving us all much to think about. Warmest
Bob B. O'Neal
